

\$167.00 Monthly Service

The diagram illustrates a risk management framework across six sectors. A wavy line connects the sectors, with each segment color-coded and labeled. Above the line, a series of icons represent various risks: a virus, weather, insects, home, volcano, factory, mountain, cloud, fire, terrorism, wind, mask, person, earthquake, hand, eye, building, and explosion. Below the line, icons represent each sector: a graduation cap for Education, a first aid kit for Healthcare, a suitcase for SMBs, a tie for Gov, a family for Individuals, and an airplane, ship, and car for Transportation.
