**COUNTERSPHERICS**  
**MERLENN™ The Name for Total Emergency Management!**

**CLAREMONT, Calif., November 30, 2021** – Counterspherics Inc., a developer of advanced physical safety technologies asks, “Are the pathways to your vulnerabilities unrecognized, unplanned, unmonitored, untrained, not exercised, complicated and just plain unprotected; and therefore left to chance? With MERLENN™ to help, guide, and both strategically and operationally govern and implement your Emergency Operations Plan, Disaster Recover Plan, Business Continuity Plan, Resources, Emergency Inventory, Financial Impacts, CMS, FEMA, NIH, NIMS, OSHA alignment, Hazard/Threat Workflows, Organizational Alignment, Analytics, Reporting, Risk Predictions, Mass Communicate, the system not only helps support your decisions but helps you make and adjust them in near/real-time. No longer are you alone on the island!”

MERLENN™ provides a blanket of coverage for the smallest incident to the largest mass contingencies and does so while keeping your organization operational. No longer do you have to piecemeal a system together and wonder if it’s right. MERLENN™ will help you shore up your weaknesses and accentuate your strengths for the time all of us hope never comes...but seems to more and more. Beyond a bunch of instructions, MERLENN™ is actively involved in making your life as an Emergency Manager simpler, precise, responsive and impactful.

In service since 2019 with several large institutions at a \$167-\$375 appliance lease price point and all the heavy lifting done by us as your value-added partner, if you don’t have MERLENN™ you have to ask yourself one word...Why?
